# College Staff Professional Development Seminar

26–27 November 2021, UNISON Centre, London

Want the chance to think about your own development away from the stress of daily working life? To meet like-minded colleagues from across the UK? To discuss how we can build the union to make your voice stronger?

Applications are now open for our **College Staff Professional Development Seminar 2021** and we are especially keen to welcome some new faces.

As a UNISON member, your branch covers the cost of your attendance, travel and accommodation – all you have to do is tell them you want to come!

Our one-and-a-half-day programme of events includes engaging workshops to aid your own professional development and grow our union, including:

- Developing digital campaigns
- The experiences of LGBT+
- Coping with stress
- Menopause and work

The seminar will also feature stimulating panel discussions and informal networking opportunities, giving you plenty of food for thought to take back to your colleges.

Take it from last year's delegates…

*"Excellent presentations. As ever, much to take away from this event – both presentations and networking"*

*"Very enjoyable weekend"*

*"Very good speakers and workshops. Great to speak to reps from other countries and see what similarities there are in our various regions"*
